

Tami Heim's DIGITAL SWAG just for you!

Session: Steward Well the Gifts that Only You Can

I pray my DIGITAL SWAG helps you stay on track and go deeper by embracing **how you can steward well the gifts that only YOU can!** I invite you to practice these simple actions every day for one month and note of what changes for you and others!

YOUR ACTION PLAN

1. Your Presence

Engage daily in one conversation with someone close to you and do not interrupt or comment for a full 2 minutes. Smile, nod and use facial expressions to react to what you are hearing – **but let them talk.** If they go longer than 2 minutes – then stay with them, just listen until they are finished. And when they are done, pause and **think carefully** about your response.

2. Your Words

Send 2 expressions of encouragement to someone before 10:00 AM. This can be a text, a social post, an email, or something you say directly to someone. And if you like what you experience - keep going. Just make sure you get **2 in before 10!**

3. Your Talents

Make a list of 5 things you know or perhaps others have told you that you are really good at doing. At the end of each day, determine how you **intentionally do at least three of them** the next day. Put them on your calendar and at the top of your to-do list. If you can get them in before noon – all the better.

Follow this little recipe and see what learn, why it matters, and what more you can do!

BONUS GIFT

Now you can download a devotional I used during a silence and solitude retreat and its one I return to often. It was written by Dr. Bob Snyder and Tyler Hallman and is titled, ["Come Walk with Me."](#)

I encourage you to [download a copy](#) and let this be one way you prepare your heart **before** the holiday season arrives. Let God gently shape the way you think, behave and abide in him. Seize this chance and it will help you **live out BOLDLY God' best plan for you!**
